Switzerland's Best Managed Companies Award

The Wipf Group and its associated companies are proud to be among Switzerland's Best Managed Companies 2022.

The Wipf Group and its associated companies have been awarded the Switzerland's Best Managed Companies Award for their overall performance and sustainable growth. The winners of the "Best Managed 2022" programme are among the best private companies in Switzerland with an annual turnover of more than CHF 100 million, which distinguish themselves through outstanding management and sustainable business growth.

The awards for Switzerland come from Deloitte's "Global Best Managed Companies" programme, an internationally recognised programme that evaluates companies on factors such as strategy, quality of management, capabilities and innovation, culture and commitment, and governance and finance. The „Best Managed Companies“ programme was established in 1993 in Canada and has become the most significant business award of its kind. The programme is a globally recognised designation, with presence in 48 countries.

The „Best Managed Companies“ programme is an initiative of Deloitte Private in collaboration with SIX Swiss Exchange and Julius Baer.
